This space houses the physical therapy department for HealthSouth Treasure Valley Hospital in Boise, Idaho. This project required a high level on continual communication and coordination with the HealthSouth Corporate office in Birmingham, Alabama.

This location also contains a 5,000 square foot office for Dr. Hessing, a respected orthopedic surgeon. The waiting room and x-ray department are shared with HealthSouth's physical therapy department. These tenants are located in the Westside Plaza located on Emerald Street near both the HealthSouth Treasure Valley Hospital and the St. Alphonsus Regional Medical Center.
